

Société Santé en Français celebrates its 25-year anniversary in 2022

What future to build?

Charles Boelen
President

Réseau International Francophone pour la Responsabilité Sociale en Santé

What are the main issues we are facing?

- * Social Responsibility in Health
- * Seeking Excellence
- * A Viable Health System

RIFRESS

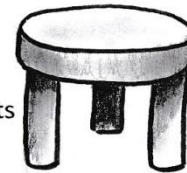

Réseau international francophone
pour la responsabilité sociale
en santé

3-4-5 : la Responsabilité Sociale en Santé

3 pieds du tabouret - 4 coins de cadre - 5 points du pentagone

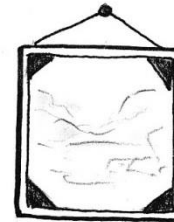

3 Le tabouret : La stratégie de la RS en 3 temps

- * Identifier besoins et déterminants de santé de la société
- * Se transformer pour mieux **répondre** à ces besoins et déterminants
- * Suivre l'action entreprise jusqu'à **impacter** la société.

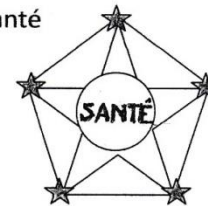

4 Le cadre : Les 4 valeurs de référence

- * **Qualité** du service à la personne
- * **Équité** - Justice sociale
- * **Pertinence** au contexte local, régional, national
- * **Coût-efficacité** : utilisation optimale des ressources

5 Le pentagone du partenariat: Les 5 acteurs de santé

- * Pouvoirs publics
- * Organismes et structures de santé
- * Institutions académiques et écoles
- * Professionnels de santé
- * Société civile

3-4-5 : Social Accountability in Health

3 feet of a stool **4** corners of a frame **5** points of a pentagram

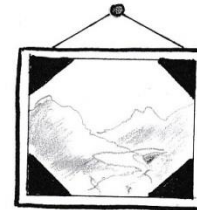

3 The stool : The 3 tiers of **Social Accountability** strategy

- * **Identifying** health needs and determinants in society
- * **Adapting and transforming** for a better response
- * **Following up** to ensure greater impact on society

4 The frame : the 4 reference values

- * **Quality** for person-centred care
- * **Equity - Social justice**
- * **Relevance** to the local, regional, national context
- * **Cost-effectiveness** : optimal use of resources

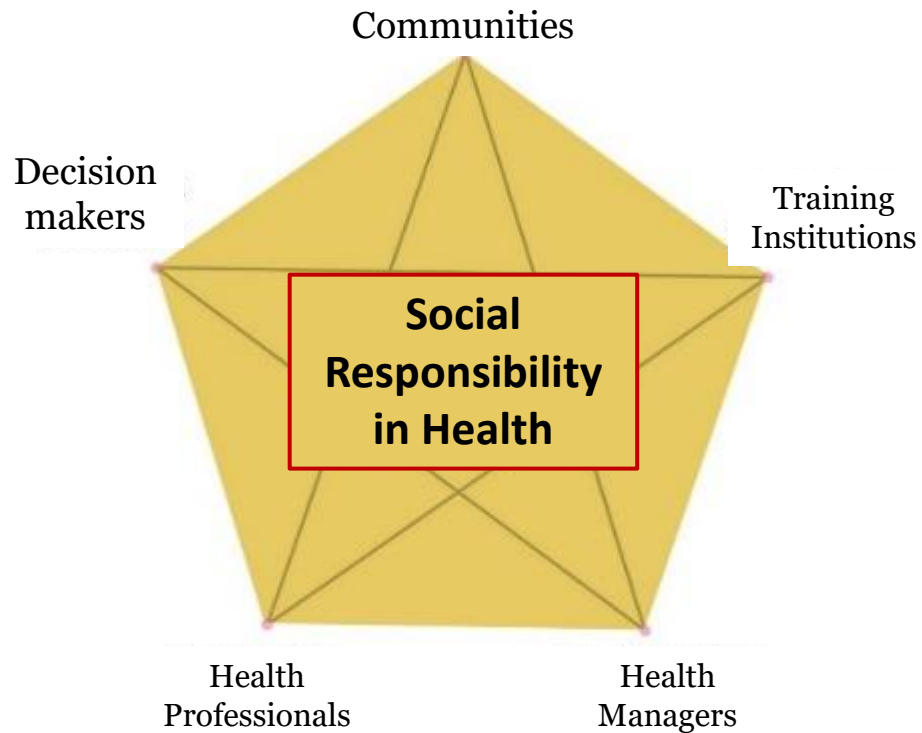

5 The pentagram : partnership with 5 key actors

- * **Public authorities**
- * **Health organizations**
- * **Academic institutions and schools**
- * **Health Professionals and associates**
- * **Civil society**

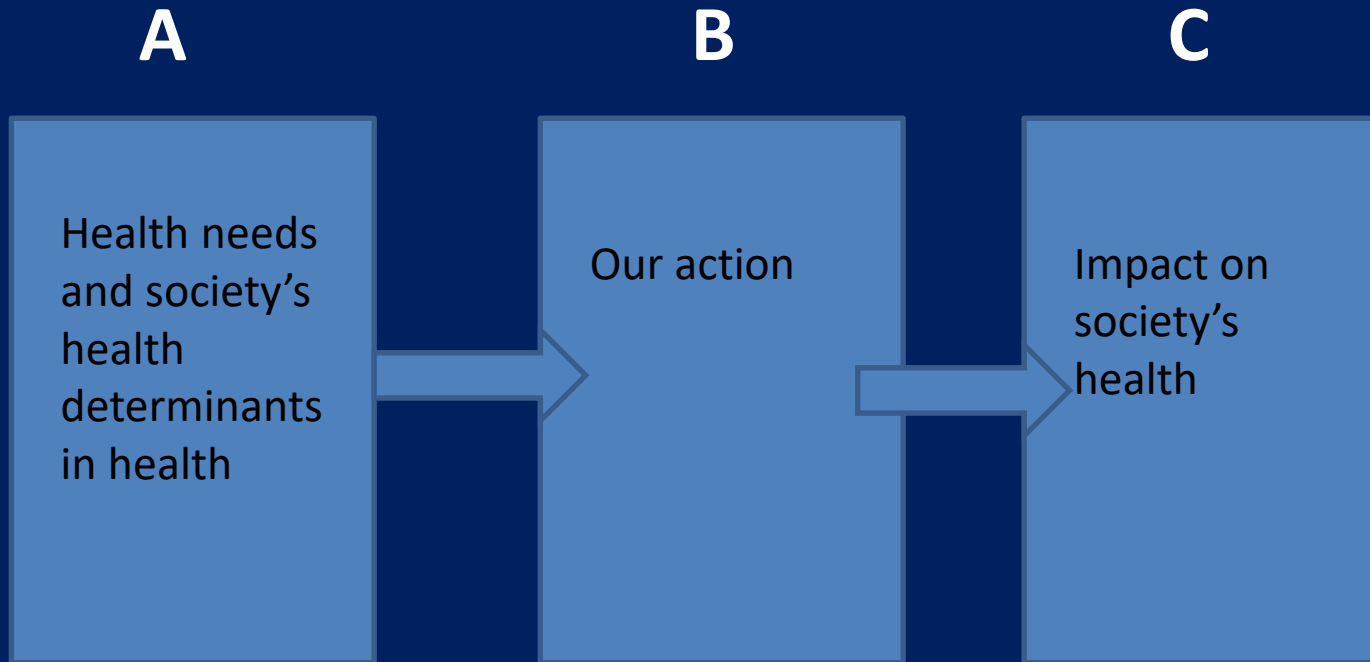

The Partnership Pentagon

Abstract : Boelen, C. Toward Unity for Health, WHO, Geneva, 2000
